Message

At Chaudhary Bansi Lal University (CBLU), we firmly believe that the future belongs to those who harness the potential of young minds. Our commitment to academic excellence is driven by the vision of creating a robust foundation for the bright futures of our students. Despite our relatively recent establishment, CBLU is rapidly advancing towards academic excellence through unwavering dedication and effort. Our university stands as a testament to the extraordinary passion and commitment of our faculty, staff and students. We are recognized for our proactive governance, state-of-the-art infrastructure and cutting-edge facilities. CBLU is committed to create an enriching environment that promotes the dissemination of knowledge through innovative thinking and scientific exploration. We have launched several community-oriented and social outreach programs, including adult literacy initiatives and campaigns to raise awareness about open defecation. CBLU is assisting students in becoming self-reliant by encouraging entrepreneurship. The Aryabhata Incubation Centre supports them in realizing their dreams of becoming job creators rather than job seekers. Our streamlined online admissions process, Learning Outcomes Curriculum Framework, and Credit-Based Evaluation System ensure that our students receive a comprehensive and flexible education. Throughout the semester, students are encouraged to participate in a wide range of academic, co-curricular, and extra-curricular activities, providing them with numerous opportunities to develop and showcase their talents in areas such as sports and cultural events. With the steadfast support of the state government, the visionary leadership of our vice-chancellor and the active involvement of our dedicated teachers, researchers, and staff, Chaudhary Bansi Lal University is on a continuous journey towards academic excellence. We are committed to building a strong foundation for the bright future of our youth and ensure that they are well-prepared to face the challenges of the future.

ABOUT THE UNIVERSITY

Chaudhary Bansi Lal University, Bhiwani has been established by the Government of Haryana under Act No. 25 of 2014 as a multi-disciplinary teaching-cum-affiliating university to facilitate higher education in multiple disciplines with special emphasis on sports and physical education and to achieve excellence in Sports, Health and Science.

As a state university recognized by the University Grants Commission (UGC) under 2(f) and 12B, CBLU envisages establishing and perpetuating the tradition of excellence in innovative teaching, research and community outreach with the objective of fulfilling the societal responsibilities—local as well as global. Located in Bhiwani, the University has 61 affiliated colleges spread over two districts—Charkhi Dadri and Bhiwani with approximately 40,000 students enrolled with the University. It offers various career-oriented undergraduate, postgraduate and doctoral research programmes under six faculties. The University has already adopted the NEP-2020 in spirit by implementing CBCS scheme of examination in all the UG and PG programmes that have been updated with the latest teaching-learning strategies conducive to the aspiring students' holistic development.

Despite the constraints of space and other resources, the University has well-equipped laboratories and full-time internet connectivity. Still in its infancy, the University is striving towards stupendous excellence in research and innovation., thus, building up a national character. Besides the financial grant that it receives from the state government, the University makes every effort to get maximum financial assistance from the various central funding agencies such as UGC, CSIR, ICSSR and DST, etc.

During the Covid period, the University continued its online teaching-learning programmes. The University organised more than 80 online lectures in a period of around three months.

Aspiring to touch the apex of success in all domains of knowledge, the University has shifted its own magnificent complex. As a part of the first phase of the construction of the entire campus, two up-to-date teaching blocks have been constructed at the cost of about 89.16 crore rupees. As the second part of phase one, the project of around 70.86 crore rupees for the construction of roads, powerhouses, sewerage system, herbal gardens, students' facilitation centres, underground water tank, rain water holding tank and other developmental work.

The university also geared up for the 3rd Unifest Youth Festival from 22nd to 24th February 2022, where the presence of esteemed guests like Ch. Dharmbir Singh, M.P. Bhiwani Mahendragarh Lok Sabha, J.P Dalal Krishi Mantri Govt of Haryana, and Sh. Ghanshyam Dass Sarraf MLA, promised an enriching and vibrant celebration of youth and talent.

Beyond February, the university conducted events such as a Two-Day Fine Art National Workshop on 27th and 28th April 2022, a Declamation Contest on 5th May 2022, a Literary Workshop on 9th May 2022, and a Theatre Workshop from 18th to 24th May 2022. These events provided students with diverse avenues for personal and intellectual growth.

On 27th May 2022, Chaudhary Bansi Lal University, Bhiwani, hosted a poignant event titled "Ek Sham Shahido Ke Naam," honouring the sacrifices of our brave soldiers. Colonel Rajnish Mehta, 11 Haryana NCC Battalion, graced the occasion as the chief guest, instilling a sense of national pride among the university community. Dr. Suresh Malik, Dean of Student Welfare, and Dr. Asha Poonia, Secretary of the Department of Youth Welfare were present, making the event a heartfelt tribute.

Chaudhary Bansi Lal University, Bhiwani, remains committed to providing a holistic educational experience by organising events that encompass cultural, academic, and artistic dimensions. These events not only contribute to the overall development of the students but also reinforce the university's standing as a centre for excellence and cultural celebration. We eagerly anticipate the active participation and engagement of students in these upcoming events, fostering a spirit of enthusiasm, collaboration, and cultural enrichment.

12. Future Plan:

- To take measures to encourage students to qualify for national/international level exams, to participate in scientific seminars, workshops, and conferences
- To organize faculty development programmes for the faculty/young post-docs etc. in the future.
- To try and obtain extra-mural funding support from funding agencies such as DST, ICMR for research projects. Details of the efforts made (project proposal submitted and granted) are to be provided in the next academic audit report
- To start consultancy facility with the help of local industries of Bhiwani
- To provide industrial/research training to final year students by developing linkages with industry/institutions
- To organize sports/cultural activities for the students
- To develop linkages with other institutions
- To purchase more sophisticated instruments in the department
- To provide summary of Students Assessment of Teachers initiated (Teacher Wise) in the next academic audit report.

13. Future Plan:

Short term for the next year

Education Excellence:

Our vision for teaching is to lead the transformation of undergraduate (UG) programs in line with the NEP's mandate for a four-year multidisciplinary curriculum. By embracing the principles of flexibility, creativity, and choice, we aim to design UG programs that provide students with a broad-based education while also allowing for specialization in areas of interest such as biodiversity conservation and probiotics research. Through dynamic pedagogical approaches, experiential learning opportunities, and the integration of industry-relevant skills, we envision our graduates as well-rounded individuals prepared to excel in their chosen careers and contribute meaningfully to society.

Cutting-Edge Research: Our vision for research is to position our department as a hub of excellence in biodiversity science and probiotics research, recognized for its impactful contributions to environmental stewardship and ecological innovation. Over the next year, we aspire to expand our research portfolio, establish long-term monitoring programs for local biodiversity, and strengthen partnerships with local stakeholders and conservation organizations. Through our research initiatives, we seek to generate knowledge that not only enhances our understanding of local ecosystems but also informs policy decisions, promotes ecosystem resilience, and fosters positive interactions between humans and nature.

Community Engagement: Our vision for community engagement is to serve as a catalyst for positive change by inspiring individuals and communities to become active stewards of the environment. Over the next year, we envision a series of interactive workshops, citizen science projects, and public outreach events that bring together experts, enthusiasts, and stakeholders to explore topics related to biodiversity conservation, probiotics, and ecological sustainability. By fostering partnerships with local schools, community groups, and governmental agencies, we aim to create a network of empowered advocates who are committed to safeguarding our planet's biodiversity for future generations.

Long term for the next 5 years

Education Excellence: Our vision for teaching is to establish our department as a leader in global education, renowned for its forward-thinking approach to curriculum design and

pedagogical innovation. Over the next five years, we aspire to further refine our undergraduate programs to offer students a truly transformative educational experience that transcends disciplinary boundaries and fosters interdisciplinary collaboration. By cultivating a learning environment that celebrates diversity, promotes inclusivity, and encourages intellectual curiosity, we envision our graduates as ethical leaders and change agents capable of making meaningful contributions to society on a global scale.

Cutting Edge research with Interdisciplinary Collaboration: Foster interdisciplinary collaborations in biodiversity and probiotics research, involving experts from diverse fields to address complex environmental challenges.

Our vision for research is to elevate our department's reputation as a global hub for biodiversity science and ecological innovation, recognized for its impactful contributions to global conservation efforts and sustainable development goals. Over the next five years, we aspire to establish strategic partnerships with leading institutions and organizations around the world, facilitating collaborative research initiatives, and joint funding opportunities. By leveraging our collective expertise, resources, and networks, we envision our department as a driving force for positive change, catalyzing transformative action and inspiring collective stewardship of our planet's natural resources for the benefit of present and future generations.

Global Recognition through community engagement: Our vision for community engagement is to cultivate a global community of conservation champions and change agents united by a shared commitment to environmental stewardship and social justice. Over the next five years, we envision a series of virtual events, online forums, and collaborative projects that bring together people from diverse backgrounds and cultures to exchange ideas, share experiences, and co-create solutions to global environmental challenges. By harnessing the power of technology and the collective wisdom of global networks, we aspire to foster a culture of collaboration, empathy, and solidarity that transcends borders and empowers individuals and communities to work together towards a more sustainable and equitable future for all.
