Forward

It gives me immense pleasure to present the biannual report (2014-2016) of the University. I took over the university 22 months back as Vice-Chancellor, I knew I had to start from scratch. Twenty two months does not mean much in the lifespan of a university. However within this short span, the University is not only able to start 9 faculties and 19 courses, it has created an edifice which defies common logic. The university started 6 Post Graduate courses in Sciences including Physics, Chemistry, Mathematics, Zoology, Botany and Biotechnology in this otherwise science deficit region. The University has created state of the art labs equipped with latest instruments and a rich library. The university has developed a system with which we conduct entrance examinations without support from outside agencies. The University has developed curriculum based on latest trends in the specific field and introduced Choice Based Credit System (CBCS) from the current academic session 2015-16. The university has embarked upon various measures for personality development of the students like introduction of communication skill, Computers, statistics and data analysis, Journal Club, Seminars, Declamation/ debate competitions in all subjects. The university is able to ensure zero tolerance towards the menace of copying in the examination systems.

Now when the land has been allotted to the University at Prem Nagar, Bhiwani, we hope to fare better. The university envisions for an acclaimed seat of learning in the world community in the time to come.

(S. K. Gakhar)

Prof. Bhagwan Singh
Registrar

Preface

The University is going to complete two years of its existence soon and documenting the activities during this period in the form of biannual report is like creating baseline information which will help in deciding the future trajectory of the university. The first 22 month of the existence of C-BLU has been really happening. The university is not only able to create an environment conducive to academic excellence, but also motivated pupils to go for copying-free examinations, and is a success. The prime focus of the University is to concentrate on the all-round development of the students keeping in mind the value oriented education in confluence with the modern ICT capabilities. Looking to the needs of present day higher education requirements like professional attitude, personality development and effective communication skills of the students, the facilities developed in the University will help in grooming the students to achieve excellence in their career.

South Haryana is still lacking in the education facilities for science subjects. To quench this thirst, the University has started PG courses in basic sciences so as to attract students towards this discipline. The syllabuses of all courses have not only been updated but also framed keeping mind recent trends in industry. The university is striving to start various courses in sports sciences discipline so as to provide trained manpower for catering the needs of this sector effectively. The present report will provide glimpses of various, academic, societal and co-curricular activities of the university carried out in last two years. I am confident to provide student-friendly and academic-centric environment to our students. I am sure that the University will be able to create a centre of higher learning in this rather academically anemic region with the co-operation of all stake-holders.

(Bhagwan Singh)

Introduction

Chaotic jungle overgrown with old trees, wild plants and shrubs in the University

Ch. Bansi Lal University, Bhiwani is a state university established by the government of Haryana under Act No. 25 of 2014. It has been recognized by the University Grants Commission under Section 2F. The University has been established as a teaching-cum-affiliating University to facilitate higher education in multi-disciplines with special emphasis on sports and physical education and to achieve excellence in these and connected fields.

Chaudhary Bansi Lal University, Bhiwani comes as a boon to the underdeveloped region of south Haryana. The University holds high

promises of holistic development of the underprivileged youth of the area to be brought about through their intellectual development culminating in an overall transformation in the socio-economic scenario of the region. But the obstacles in the journey to the targeted destination can be better imagined than explained when the earlier pictures of the premises, the so-called University campus are taken into consideration—only a single building in a surrounding that may be termed as a chaotic jungle overgrown with old trees, wild plants and shrubs; where stray animals move about quite freely; a gate that is rather suggestive of the ruins of some old haunted place rather than a promising educational environment. Through the untiring efforts of the University authorities and staff, and the dedication of the student volunteers, the campus has been cleared of the rubbish and debris lying around; a renovation of the entrance as well as the whole infrastructure has been done to give the vicinity a decent appearance and a promise of positive, healthy atmosphere is upheld to the expectant aspirers of higher education. Here is an account of how CBLU started taking shape, from its very inception to it's the present state; aspiring to rise from the plinth to the paramount.

Establishment of Ch. Bansi Lal University: Ch. Bansi Lal University came into existence with the joining of Prof. S. K. Gakhar as Vice-Chancellor of the University on 26 July 2014. From the first day of the joining Prof. Gakhar kick-started the processes related to the creation of the handbook of the information of the University, recruitment of the staff and the other processes related to finances and administration.

Vice-Chancellor Prof. S. K. Gakhar announces the commencement of first academic session

Commencement of

The First Academic Session

The first academic session of the University/Commenced on 21st Aug. 2014. Admissions to 18 teaching departments had been made with the initial take-in of 537 students in 18 teaching departments which constituted the three faculties: Sciences, Humanities and Commerce. The Vice-Chancellor and the various in-charges of the faculties addressed the students congratulating them for being the very first pupils of the University and told them that they would act as the original

brand-ambassadors of the University. The members of the faculty also took a pledge that they would act in unison in helping the students in the best possible manner in matters related to academics. Prof. Bhagwan Singh joined as the first Registrar of the University on August 25, 2014 and started for a transparent, efficient and merit based administrative activities. He emphasized to enthuse the teachers, non-teaching and students for achieving excellence in their respective areas.

Inauguration of University Wall Magazine

To give expression to the creative and literary potential of the students, the University wall magazine "Sea-Blue" was released on 17th Oct. 2014 by Ms Sunita Mongia, the Chief Architect of Haryana.

The inaugural ceremony was attended by Prof Bhagwan Singh, Registrar, Dr Satish Arya, Dean, Academic Affairs,

Ms. Sunita Mongia releasing Wall Magazine "Sea-Blue"

Prof. Rajendra Kumar Anayath, Director, TIT&S, Dr R. L. Saini, Dean, Faculty of Science, Prof. S. C. Arora, Dean, Commerce Faculty, Prof. D. S.

Kapoor, Dean, Institute of Fine Arts, Rohtak, Dr Baljeet Singh, Principal, Govt. College, Julana, among others.

Constitution of Finance Committee

The University Finance Committee was constituted on 29th Oct. 2014 by the Vice-Chancellor to take care of the financial affairs of the University.

Planning Board of University

5th Nov. 2014 was a big day for the University as the University Grants Commission recognized Ch. Bansi Lal University on this day. This was also the occasion when the Governor-Chancellor, Prof. Kaptan Singh Solanki nominated seven members to the Planning Board of the University. This approval grants the University the power to grant academic degrees not only to its own students but also the students of the various colleges affiliated to it.

Hotline Electric Connection

The University got a boost in the infrastructural facility as it was connected with the hotline electric connection on 12th Nov. 2014. This hotline connection will provide uninterrupted power

supply to the University and thus smoothen the academic and administrative work.

First Meeting of the Academic Planning Board

The first meeting of the Academic Planning Board was held in the Committee Room of the University on 25th Nov. 2014. The Vice-Chancellor, Prof. S. K. Gakhar presided over the meeting. The roadmap of various courses to be started from the next academic year was decided. The meeting was attended by distinguished academicians from the state and the country.

Choice Based Credit System (CBCS)

Ch. Bansi Lal University, ensuring quality education along with holistic development of the youth in the region, is one of the very first universities that have adopted Choice Based Credit System. The purpose is to provide the students with better academic environment and offer flexible choices not only in their concerned disciplines but beyond their own specialized subjects in the form of Inter-disciplinary Courses and Complimentary Courses. The objective, hence, is to shun rote learning system and facilitate learning in its true spirit—in theory and in practice. The assessment of the students, too, will be a continuous and constant process as it now incorporates seminars, assignments, projects, etc. The students will now have an edge over other students because they now have individual attention from the teachers and get better opportunities for individualized learning in the form of self-study paper.

Self-Study Paper

The Self-Study paper, consisting of 2 credits per semester, specially focuses on individual learning. The topics are assigned to the students as soon as the session / semester commences and the students pursue the study of the given topics as per their own interest. At the end of the semester, the student submits his/her study in the form of a research paper to the teacher incharge. Finally, the student gets evaluated by an external examiner not only for his/her documented submission but by conducting viva-voce also.

Examinations

For the session 2015-16 admissions to various courses run by University were made on the basis of Entrance Test using Digital Techniques such as inviting online applications, generation of Admit cards, payment of fees, etc. the result of the Entrance Examinations were declared and displayed on the same day i. e. the day on which the examinations were held, on the University Website and conveyed through SMS to them.

In the very beginning of the Academic Session, the schedule for both the semesters' (odd and even) examinations was prepared and circulated to all the concerned quarters. The examinations-both theory and practical-were held strictly as per schedule. Several such non-serious candidates as were falling short of lectures were detained to appear in the examinations.

The final examinations were held smoothly and with zero tolerance towards copying. It may be underlined that the initiative taken by the University for Zero Tolerance towards menace of copying was widely appreciated in the academic circles and by people at large.

It is noteworthy that the results of all the examinations conducted during the session 2015-16 were declared well before the stipulated period. The fairness of the examinations is reflected from the fact that very few candidates have applied for re-evaluation.

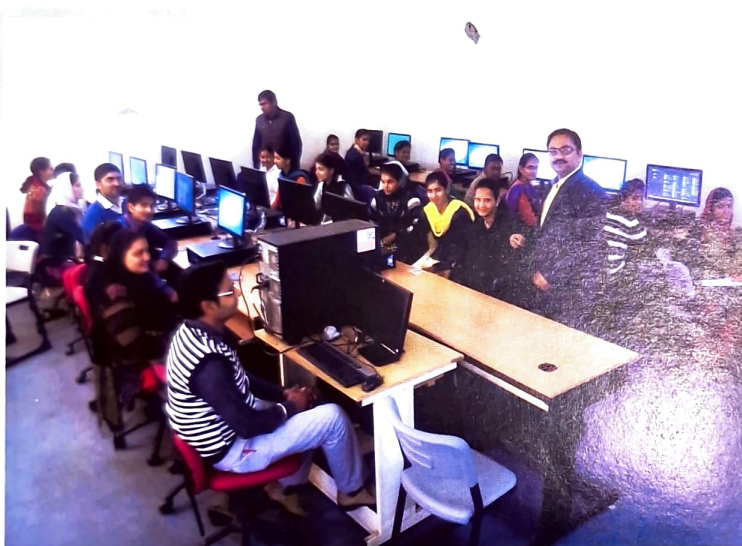

The examinations branch of the University is in the process of developing in-house systems for its various activities, so as to become self-dependent as the experience of outside agencies has not been very appreciable in the neighbouring universities.

Communication Skills

The CBCS evaluation system of the University also facilitates the students with some very essential Foundation Courses. The University has taken a revolutionary step in the direction of individual growth of the students by making it mandatory for all the students to study Communication Skills in the first semester in order to ensure that the students, after they secure the degrees in their respective courses, are able to express their knowledge in an effective manner.

Computer Applications

Computer Applications form an essential part of the University Curriculum so that the students may be armed with the latest information technology and are able to use computers as effective tools to carve out their success in their future ventures.

Computer Laboratory with latest updated System

Computer Centre and Server Room

In today's world, operating computers with efficiency is a must for every individual. The University has two computer laboratories and one server room. The labs are well maintained with up-to-date devices. Computers are installed with latest Softwares and Hardwares. Students from all the departments are imparted practical training of computers and their applications with main focus on latest developments in the field of Computers and Information Technology. The labs are equipped with 24 hours electricity and Internet supply. The University has

a server room where different servers are installed. Interactive Projectors are installed in the labs for better learning. Regular trainings are provided to students of all courses so as to train them in the field of technology besides regular study.

- Internet- 50 Networking Nodes

University Library

In a very short span of time of its existence the University has created a rather rich library and it can boast of around 6000 quality books belonging to different genres. Similarly, a large number of national and international journals have been subscribed for the benefit of the students particularly to help them in the seminars and self-study papers. The one and a half years is a short span in the evolutionary process of a University and for that matter a University library.

It really needs an assiduous effort to build a truly rich library with a futuristic vision and a wide range of existing subjects. Keeping in mind the fact that a library is the backbone of all academic and research activity, the University is sincerely endeavouring to incorporate in its account the very best books available in every subject. Keeping pace with the latest technology, the library is fully computerized and soon a large number of e-journals will also be available to the University students and faculty members. Keeping pace with the latest technology, we have updated

University Library

our library with most advanced Open-Source Integrated Library System **KOHA**. Salient features of the library are:

Library: Books: 6300

Journals: 24

Library Automation:

- ▶ Completely Web Based
- ▶ Full MARC21 and UNIMARC support for professional cataloguing
- ▶ Multilingual (Hindi, English etc.)
- ▶ Multi-User support (Librarian, Staff and Students)
- ▶ Standards Compliant
- ▶ Z39. 50 Copy Cataloguing
- ▶ Flexible Reporting
- ▶ Bar coded Spine Labels
- ▶ Email Overdue & Other Notices
- ▶ Enhanced Content
- ▶ Export and Import
- ▶ Flexible Item Types & Digital Content
- ▶ Patron Cards
- ▶ Powerful Catalog Search
- ▶ Stock-taking
- ▶ Web 2. 0 features

Library Modules:

- ▶ **Cataloguing**
5921 + bibliographic records added (Books).
Create spine and barcode labels
- ▶ **Patrons**
923 + Users Online.

4 **Training**

All Library Staff is now trained to use all above Modules and they are successfully working on Software.

Laboratories

Within a very short span of time, the University has been successful in establishing quality labs with latest instruments and equipment for its students. For all the branches of study in the faculties of various sciences, the students are afforded ample opportunity to whet their scientific inquisitiveness. Departments like Biotech, Zoology, Chemistry, Physics etc boast of excellent equipment. The University proposes to further enhance the quality of the labs.

Students learning from labs

Committee Room

The University has a fully air conditioned Committee Room equipped with a projector and mikes at every table so that the guests/speakers may address themselves to others in a comfortable and hassle-free manner. The Committee Room has a seating capacity of around 60 persons and boasts of a cozy environment for conferences.

Committee Room with latest mikes and a capacity of around 60 Persons

Mini-Auditorium

Though the University is operating under very restricting circumstances of space

Sarvapalli Radhakrishnan Sabhagar

and resources, it can boast of a Mini-Auditorium nomenclatured as Sarvapalli Radhakrishnan Sabhagar with a capacity of 110 persons. The stage is wood-panelled and equipped with a projector and a fine sound system wherein the University can organize seminars/ workshops/ cultural programmes. The auditorium is fitted with comfortable chairs and is partially sound proof also. The auditorium is now the hub of all cultural-centric activities and is the heart-throb of the University.

University Canteen

The University has created a recreational spot for the students and faculty members where they can sip a hot cup of tea or chilled cold-drink so that they can chill out. It is always refreshing to see young boys and girls resounding the environment with a loud laughter and carefree demeanour. The University canteen provides the students not only an opportunity to unwind themselves but also a fertile ground for new ideas some of which can motivate the University to take new steps regarding academic or cultural sphere.

College, Bhiwani. He extensively dealt with various challenges being posed by Global warming and how humanity can be better equipped for adaptation/ to mitigate its impacts.

Ethics in Advertising

Mr. Sourabh Chowdhury

MJMC department organized an Extension Lecture by Mr Sourabh Chowdhury, a senior correspondent from *The Pioneer* on 3rd Apr. 2015. He spoke on ethical practices in journalism and advertisements in print and electronic media in old as well as present times. The faculty as well as the students had a lively session of discussion with Mr Chaudhary after the lecture.

Mr. Sourabh Chowdhury interacting with the students

Career Options in Journalism and Mass Media

by Prof. Bandana Pandey

Department of Journalism and Mass Communication organized an extension lecture on 13th Feb. 2015 by Prof. Bandana Pandey from GJU Hissar on the topic "Career Options in Journalism and Mass Media".

Prof. Bandana Pandey from GJUS&T, Hisar

Advertising Ethics and Laws

Prof. Bandana Pandey

The Department of Journalism and Mass Communication organized an Extension Lecture on 16th Apr. 2015 by Prof. Bandana Pandey, GJU, Hisar on "Advertising Ethics and Laws".

"Why Literature" Dr Ashok Verma

Dr Ashok Verma Associate Professor, BPS Mahila Vishwavidyalaya, Khanpur delivered an extension lecture on the topic "Why Literature" in a programme organized by the Department of English on 21st Apr. 2015 leading to a very interesting and vibrant discussion by the students from different departments.

Dr Ashok Verma explaining "Why Literature"

"Hydrological Analysis" Prof. Omvir Singh

The department of Geography organized an extension lecture on "Hydrological Analysis" delivered by Prof. Omvir Singh, Associate Professor from Kurukshetra University on 24th Aug. 2015.

'Entrepreneurship and Business Innovation Talk' Prof. P. Rameshan

Taking another step forward towards the grooming and business-exposure of the students, Chaudhary Bansi Lal University, Bhiwani organized an 'Entrepreneurship and Business Innovation Talk' on its premises on 5th Oct. 2015.

Prof. P. Rameshan, Director of IIM, Rohtak
speaking on Entrepreneurship in India

The Guest of Honour for the event was Prof. P. Rameshan, Director of Indian Institute of Management (IIM), Rohtak. He delivered an inspirational lecture focusing on the ins and outs of being an entrepreneur in India. Dr. Rameshan also threw light on how to participate in experiential learning with focus on entrepreneurial thinking, creativity and ethical responsibilities of business.

Prof. S.K. Gakhar, Hon'ble Vice-Chancellor, CBLU, Bhiwani also addressed all the faculty members and students and underlined the need for successful implementation of the zeal of entrepreneurship among the Indian youth and how one can be his own boss and also explained how he himself is an entrepreneur in establishing CBLU, Bhiwani. Prof. Bhagwan Singh, Worthy Registrar of CBLU Bhiwani also raised some issues concerning the obstacles that an entrepreneur faces in India. Dr. S.C. Arora, Dean Humanities, CBLU appreciated the efforts of the faculty of Department of Management who played a crucial role in the organization of such an excellent event at the University. Dr. R.K. Anayath, Director TITS, Bhiwani also graced the occasion with his presence.

Prof. Anup Beniwal speaking on the
occasion of National Integration Day

"National Integration and the Role of Literature in integrating the society" Prof. Anup Beniwal

The department of English organized an extension lecture by Prof. Anup Beniwal from Indraprasth University, Delhi on 30th Oct. 2015. He spoke on National Integration and the Role of Literature in integrating the society. Citing examples from a variety of sources, he showed how literature could act as a binding force in society. He remembered Sardar Vallabhbhai Patel in a reverential manner recalling how, after partition, he maneuvered the Desi Riyasats into an integrated nation. Dr Satish Anand, Dean, Academic Affairs proposed the vote of thanks quoting the famous Bollywood song "Mera joota hai Japani".

"Neuro Science" Dr Deepak Sharma

The Department of Psychology organized an extension lecture by Dr Deepak Sharma from JNU, Delhi on "Neuro Science" on 4th Nov. 2015.

"Communication Skills" Prof. Loveleen

The department of English organized an extension lecture on "How to Communicate Better" on 5th Nov. 2015. Prof. Loveleen from MDU, Rohtak gave a very intimate, interesting and invoking lecture about how to communicate better. She suggested that eye-contact, body language, dress, address, gestures, pauses; almost everything contributes to effective communication.

Prof. Loveleen Delivering lecture on Communication Skills to the University Students

Prof. Rajbir Singh speaking on ethical practices in Journalism

Ethical Practices of Journalism

Prof. Rajbir Singh

The department of Journalism and Mass Communication organized an extension lecture by Prof. Rajbir Singh, Director, CEC (Consortium for Educational Communication, UGC) on 16th Nov. 2015. He delivered a lecture on the ethical practices of journalism on the occasion of National Press Day.

Mr. Jagdish delivers extension lectures

The department of Physical Education organized extension lectures on "Practical Athletics" from 4th April 2016 to 8th April 2016. The lectures were delivered by Mr. Jagdish, Retd. Athletics Coach, Bhim Stadium, Bhiwani to the students. He described the various track and field events, their marking and measurements and rules and regulations regarding the events.

Dr. Sunit Mukherjee delivering an Extension Lecture

"Essential Skills in Public Relations" Dr. Sunit Mukherjee

The department of Journalism and Mass Communication organized an extension lecture on 26th Nov. 2015. Dr Sunit Mukherjee, the PRO of MDU, Rohtak delivered an extension lecture on Essential Skills in Public Relations in which he reiterated that journalism is a very powerful medium with the help of which a journalist can powerfully intervene in matters of social significance. Citing the example of Dr. Bhim Rao Ambedkar he demonstrated how Dr Ambedkar, with the help of the three

newspapers he edited—*Mook Nayak*, *Bahiskrit Bharat* and *Janata*, he was able to inculcate awareness among the downtrodden sections of the society. Dr S. C. Arora, Dean, Social Sciences also, in his discourse spoke about the Indian constitution's great attributes. The function was presided over by Prof. S. K. Gakhar, Vice-Chancellor and was attended by Dr Satish Arya, Dean academic affairs, Sh. Suresh Pal Rathi, Director, Community Radio, Rohtak, reputed physicians—Dr Karan Punia and Dr Vandana Punia and other members of faculty.

Dr Satinder Notra deliberates on Hypnotism

Dr Satinder Notra, formerly Associate Professor, Vaish College, Bhiwani delivered a lecture on Mental Health and Hypnotism on 17th March 2016. The students of the second and fourth semesters of the department of Psychology attended the lecture.

Prof. Om Prakash, Dept. of Chemistry, KUK talks on "Disconnection Approach in Organic Synthesis"

Prof. Om Prakash from the Department of Chemistry, Kurukshetra University, Kurukshetra delivered a lecture on "Disconnection Approach in Organic Synthesis" on 11th April 2016. The event was attended by the teaching faculty as well as the students of the Department of Chemistry as well as Pharmaceutical Sciences.

WORKSHOPS

Prof. R. K. Garg during two-day workshop on 'Vacuum Plasma and Thin Films Techniques'

Two-day workshop on "Vacuum Plasma and Thin Films Techniques"

National Seminar on "Climate Change and Food Security"

Chief Guest of the Seminar
Sh. Om Prakash Dhankar releasing the Souvenir

Mantra which helps maintain the balance of the whole cosmos. While addressing the students, Agriculture Minister said that now is the time for innovations in technologies to save the climate as well as food and water. The Vice-Chancellor Prof. S. K. Gakhar reiterated that ecological balance must be maintained to save the globe and the humanity. The key-note speaker of the session, Prof. Narender Tuteja, Amity University, Noida centred his address on crop improvement under climate change. Prof. C. Nirmala, Dept. of Botany, Punjab University, Chandigarh in her lecture threw light on the importance of bamboo for good health and clean environment.

Key-Note speaker Prof. Narender Tuteja
from Amity University, Noida

A national seminar on 'Climate Change and Food Security' was organised in Ch. Bansal Lal University. Dr. R. L. Saini, Department of Science Faculty was the convener and Dr. Deepak Kumar was the organising secretary of the seminar.

Agriculture Minister of Haryana Sh. Om Prakash Dhankar graced the occasion as chief guest. The chief guest expressed his serious concerns regarding the climate change. In his address Sh. Dhankar said that climate change is inevitable and continuous and we have to adapt ourselves to the climate change. It is important to follow the teachings of Madhya Marga of Buddha and Shanti.

Vice-Chancellor presenting a memento to the
Chief Guest

The second Session started with the lecture of Prof. Anubha Kaushik from Indraprastha University, New Delhi. She deliberated on the role of women on climate change and food security. Prof. C. P. Kaushik from Guru Jambheshwar University delivered a comprehensive talk on climate change and food security. Many scholars from Haryana and neighbouring states participated in the poster presentation.

Prof. Anubha Kaushik spoke on role of women in climate change and food security

After the lunch, the Judges evaluated the posters presented by various participants of the seminar. The posters covering a vast number of themes regarding climate change and food security, role of women in conservation of environment, etc. were presented by scholars and teachers from far and wide.

The Registrar Prof. Bhagwan Singh thanked all the dignitaries, guests, scholars and students for making the seminar a great success and for choosing such a topic of current concern and relevance for the conference

Dr. Mike Mandel, NLP Works, Toronto, Canada: Webinar on Graphology: Handwriting Analysis: The MBA department enlightened the students by approaching top management Gurus of the world. The Department made the arrangements to help the students attend the webinar on "Graphology: Handwriting Analysis" by Dr Mike Mandel, NLP Works, Toronto, Canada on 16th April 2016.

National Seminar: the Dignitaries and Participants

Fresher's Party

A UNIVERSITY, a confluence of so many channels, is not only a source of academic learning but an institution of education in life also. Here students learn not only to become experts in their respective knowledge domains but also to be good human beings, to reach out to others and discharge their social duties as well. One such gesture is organising get-together or parties.

Organization of Freshers' Party

On the starting of second year of University, Fresher Parties are organised by the various departments. Juniors are welcomed by their seniors. Junior introduces them to the senior and there is a get-together. The vibrancy of the young students of the University was duly reflected in these parties. The confusion of colours, sounds, songs and dances was reflected in the fusion of buoyant spirit of the boys and girls whose imagination, creativity and energy-all gelled into creating an effect of sheer poetry and joy.

CBLU Celebrating festival of Lohri

Celebration of Lohri and Sankranti Festival

The Traditional cultural festivals—Lohri and Sankranti—of regeneration of nature and thanks-giving were celebrated by the students and the members of faculty with gala-abandon on 13th February, 2016. The students danced and sang songs of joy to their hearts' content. The Mungfalis and rewaris were distributed among the students and the supporting staff was presented shawls and sweets as a mark of recognition of their services to keep the campus spick and span throughout the session.

Visit of Minister of State for External Affairs, General (Retd.) V. K. Singh on CBLU Campus (4th Feb. 2016)

The Minister of State for External Affairs, General Retd. V. K. Singh visited the University and shared his experiences. The Vice-chancellor welcomed the General with a bouquet of bright red roses.

Vice-Chancellor and Registrar presenting a memento to the Chief Guest General (Retd) V. K. Singh

General V. K. Singh addressing the students

Addressing the gathered students and staff, General V. K. Singh emphasized Skill-development, Entrepreneurship and Self-employment. He wanted the students to be job-givers rather than job-seekers. Vice-Chancellor Prof. Gakhar said that it was a matter of great pleasure and a privilege to have the General on the University campus and listen to his experiences.

At the end of the programme the Registrar Prof. Bhagwan Singh proposed a vote of thanks to the guest and assured him that the University will definitely benefit from his experiences and blessings.

Declamation Contest

The University has been organizing such co-curricular activities as give scope to the intellectual expression of the students; at the same, time the activities are instrumental in channelizing the bountiful energy of the students that may, otherwise, get disoriented. Taking measures to give the students the opportunity to show their oratorical skills and present their ideas—revolutionary or pacifying, rhetorical or soft, the University organized Declamation Contests in three phases: first, at Departmental level, second, at faculty level and third, at University level. The selection of the topics for the various levels of the contest was done keeping in view their social, political, economic, scientific and literary relevance. For the final phase,

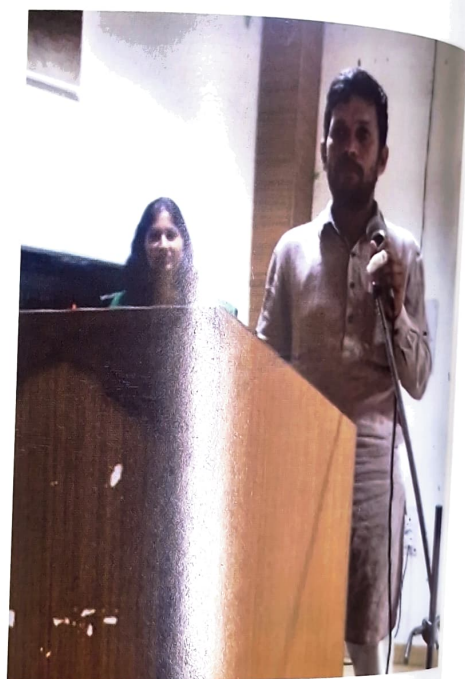

Contestant during Declamation

which was organized on 29th April 2016, the topics were *Rahiman Paani Rakhiye*, *The Criterion for Nationalism*, *Freedom of Speech and Social Media*, *Falling Standards of Education* and *Man ki Baat*. The students were allowed to use both Hindi and English as a medium of expression. The students participated in the event with great zeal and energy. The first prize winner of the final phase was Swati from the Department of Psychology, the second prize was bagged by Shamsheer from MJMC department and the third position was secured by Naveen, another student of MJMC department. Through their declamations the students showed their eloquence, their confident expression, their command over the topics and the language and their capability to use their

oratorical skills as a powerful medium of expression. During the programme, the students also got an opportunity to learn oratorical skills from Prof. Bhagwan Singh, Registrar, CBLU who has been working for the enhancement of communication skills of his students ever since he began his teaching career. The Registrar emphasized upon the need for organizing Debates and Declamations, Group Discussions and Symposia for personality development of the economically backward region of South Haryana. Dr Satish Arya Incharge, Academic Affairs, who was also present on the occasion, gave valuable tips to the student to enhance their oratorical skills.

Industrial Visit to BTM, Bhiwani

The students of Masters of Business Administration paid a visit to the reputed Birla Textile Mill of the city and had an exposure to the real corporate world and its working. The students seemed to be very enthusiastic about the visit organized on 26th April 2016.

Exposure Visit

The Department of Social Work organized an exposure visit for the Previous and Final Year students of Masters of Social Work on 25th and 26th April, 2016. The visit was supervised by the members of teaching faculty, Ms. Geetika Malhotra and Mr. Sandeep. The team visited the following organizations:

NSS Car

volunte
the shrub

Sandeep. The team visited the following organizations:

- 1 Jan SewaSansthan, Rohtak
- 2 Drishtikon, Delhi
- 3 Roshini, Delhi

The purpose of visit was to provide exposure to the students to understand the structure and functioning of the organizations and enhance the comparative and critical thinking of the students.

NSS Camps

Two one-day NSS camps were organized in the University on 15th April 2016 and 27th April 2016. The volunteers had a rigorous session when they toiled very tenaciously cleaning the campus and clearing the shrubs.

NATIONAL DAYS @ CBLU

The Staff and Students celebrating National Unity Day

National Unity Day

The birthday of late Sardar Vallabh Bha Patel, considered to be the architect the United India, was celebrated as National Unity Day as a mega event by the University on 30th Oct. 2014. The Vice-Chancellor, the Registrar, all the members of the faculty, and the students, participated in the rally which started from the University premises and ended at the Maharana Pratap Chowk.

Swachh Haryana Swachh Bharat

Haryana Day was celebrated in the University on 1st Nov. 2014 with a big fanfare and it was clubbed with the Clean India, Clean Haryana drive inspired by the Prime Minister Sh. Narendra Modi, Chief Minister Sh. Manohar Lal.

The cleanliness drive was inaugurated by Sh. Ghanshyam Das Saraf, M. L. A. Bhiwani and other luminaries, who, in the company of the Vice-Chancellor, Registrar, members of the faculty and the students

took initiative in cleaning the areas in proximity of the University and also planted trees to commemorate the occasion. The purpose of this drive was to create awareness under the slogan Swachh Haryana Swachh Bharat.

Cleanliness Drive on the Occasion of Haryana Day on 1st November, 2014

**A Nukkad Natak being enacted on
International Day for Violence against Women**

International Day for Violence against Women

Department of Social work celebrated International Day for Violence against Women. The day was celebrated on 25th Nov. 2014 to create awareness among the students regarding biases and prejudices against women. Lectures were delivered and poems were recited to highlight the dichotomies of social structures in the Indian society. A Nukkad Natak (Street Play) was also enacted by the students of the department to demonstrate how the society ill-treats half of its population and treats woman merely as an object of lust.

World AIDS Day

On 1st December, 2014 the students of the department of Social Work started an awareness campaign against AIDS by organizing an exhibition of posters. Besides the posters they made a Rangoli and involved themselves in a lively group-discussion speaking on the multi-dimensional issues involved in the AIDS awareness programme.

**CBLU campaigning against AIDS on
World AIDS Day**

Shaheedi Diwas

The University celebrated Shaheedi Diwas on 22nd March, 2015 which is the martyrdom day of Bhagat Singh, Sukhdev and Rajguru, the greatest revolutionaries who are till this day idols for the youth and young generations. A tribute was paid to the freedom fighters and martyrs who sacrificed their life in getting our country free.

Vice-Chancellor and others performing
Yoga on World Yoga Day

World Yoga Day

'The Business Vision' - Management Quiz

A quiz contest was held on 11.03.2016 among three departments: MBA, Economics and Commerce in order to inculcate a spirit of healthy competition and create a futuristic business vision among the students.

GREEN CONCERNS @ CBLU

Vice-Chancellor and Registrar
Planting a sapling during NSS camp

The University campus, which earlier had a semblance of a devastated haunted place because of wild and unruly growth of trees with so many shrubs and weeds inviting reptiles and stray animals, seemed to be posing a threat to the aspirants of knowledge. At the same time the dense growth of weeds provided refuge to the unwanted elements.

From the very commencement of the academic session the Vice-Chancellor showed his green concerns and besides getting the wild growth cleared in a constant and insistent effort, decided upon a policy to get a tree planted on every imaginable occasion, and thus, each dignitary visiting the University was invited to add plant to already growing number of trees on the campus.

NSS Camp: An NSS camp was organized on 18th Jan. 2015 by the NSS unit of the University in which the emphasis was on the

qualities of leadership and co-operation. The camp was inaugurated by the Vice-Chancellor. Following the University tradition, the Vice-Chancellor also planted a sapling as a gesture of service towards mankind, towards mother earth and towards the environment.

Science Conclave: A two-day science Conclave was organised in the University on 18th and 19th Feb. 2015. The Hon'ble Governor-Chancellor, Prof. Kaptan Singh Solanki unveiled the University Logo and

strange exotic flavour to be remembered for long. The special guest on the occasion was Vice-Chancellor Major General Ranjit Singh from Ch. Ranbir Singh University, Jind. Addressing the students, the major said that the students should opt for a career in national security like defence after obtaining higher education. Vice-chancellor Prof. S. K. The chief guest on this day was MLA from Badhara, Mr. Sukhwinder Singh. He stressed upon the need for simplicity and high morals

Students Performing Bhangra Dance at the festival

for success in life. He added that it is the teacher who discovers and polishes the talent of the students.

The festival started with paying obeisance to the goddess of learning in the form of Saraswati Vandana. Various folk dances like Haryanvi, Rajasthani and Panjabi dances were performed by the students.

The first prize for the folk dance category was awarded to Giddha (a punjabi folk dance).

Girls getting ready for Rajasthani Dance

Then, a play called Khandhar on the theme female foeticide was staged and it became the most sensational event of the festival. Other attractions of the fest were Bhangra, Mime, Skit, Poetic Recitation. Fusion Dance, a combination of Indian Classical dance and Western dance forms, received much acclaim and appreciation.

The Haryanvi dance and Bhangra secured second and third position respectively. Rajasthani folk dance got consolation prize. The Registrar Prof. Bhagwan Singh, at the end of the programme, proposed vote of thanks to all the guests.

Chaudhary Bansi Lal University being a sports-cum-affiliating University lays a lot of emphasis on sports and athletics, and has been constantly working in this direction so that our youth may enjoy a sound health and be able to serve the nation in a better way. Hence, the university students have been actively participating in various inter-university championships and bringing laurels to the University. Some of the events are:

Vice-Chancellor with Weight-lifting Power-lifting team

All India Inter-University Weight-lifting Power-Lifting Championship

11.	Faculty of Distance Education	Distance Education	Under Graduate
			Post Graduate

COURSES AT A GLANCE

Faculty of Physical Sciences

M. Sc. Chemistry

M. Sc. Physics

M. Sc. Mathematics

Faculty of Life Sciences

M. Sc. Biotechnology

M. Sc. Botany

M. Sc. Zoology

Faculty of Commerce & Management

M. Com.

M. B. A (Finance, Marketing, HR)

M. A. Economics

Faculty of Pharmaceutical Sciences

M. Pharmacy (Industrial Pharmacy) M. Pharmacy (Drug Regulatory Affairs)

M. Pharmacy (Pharmacology)

Faculty of Earth, Environment and Space Sciences

M. Sc. Geography

Faculty of Humanities

M. A. English

M. A. Journalism & Mass Communication

M. A. Hindi

Faculty of Social Sciences

M. A. Social Work M. A. Political Science M. A. History

Faculty of Behavioural and Cognitive Sciences

M. Sc. Psychology

Faculty of Education

M.P. Ed.

Our Strengths

- ▶ Choice Based Credit System
- ▶ Fully Equipped Labs
- ▶ Digital Library
- ▶ Curriculum inbuilt Computer Application & Techniques of each subject
- ▶ Industry Oriented Syllabus
- ▶ Subject Specific Communication Skills & Quantitative Technique
- ▶ Time Bound Results
- ▶ Quality Teaching
- ▶ Regular Classes
- ▶ Co-curricular Activities
- ▶ Small Classes (Minimum Unit as per UGC Norms)
- ▶ Well established Computer Labs
- ▶ Student Centre Education
- ▶ Zero tolerance towards copying

DETAILS OF THE MEETINGS

of various Bodies of the University

Executive Council

Particular of Meeting

Date of Meeting

1st Meeting

07. 02. 2015

2nd Meeting

27. 03. 2015

3rd Meeting

08. 05. 2015

4th Meeting

08. 08. 2015

5th Meeting

16. 10. 2015

6th Meeting

30. 03. 2016

Finance Committee

1st Meeting

09. 12. 2014

2nd Meeting

25. 03. 2015

3rd Meeting

25. 03. 2016

University Court

1st Meeting

30. 03. 2015

2nd Meeting

30. 03. 2016

Library Committee

1st Meeting

29.09.2014
